Hardcore Gamer: "While the capture card industry has a handful of competitors, Elgato stands on top by offering the most accessible and easy to use products available for every day consumers. The manufacturer has created hardware thats constantly being innovated upon and used by YouTubers and gaming publications from all around the world. In order to keep up with the vast world of gaming, not only have we seen Elgato release a device primarily aimed towards streaming to Twitch last year (Elgato HD60 S), but the company has developed something to compliment it.
